# K2 THE ORIGINAL SoftBoot

IT'S TOUGH TO BEAT THE ORIGINAL.

In 1993, K2 Skates introduced a paradigm shift in performance inline skate design with our Original SoftBoot®. No longer were skaters confined to stiff, uncomfortable boots that took away from and limited the skating experience. That was 28 years ago and we're still leading the way, bringing advances and refinement to the design of the hallmark Original SoftBoot® providing skaters with superior levels of comfort, breathability and style.
