Move to
natural.

icebreaker

A photograph of a person climbing a rocky mountain peak. The climber is on the left side of the frame, wearing a blue shirt and a backpack. The mountain is covered in dense evergreen trees, and the sky is a clear, light blue. The text is overlaid on the right side of the image.

Our Purpose.

We lead a
movement
towards a
more natural
way of living,
by taking
unnecessary
plastic out of
performance
apparel.

1

Purpose led.

We've been a purpose-led brand since the very beginning. Move to natural is our rallying cry, it's both the vision for our product and an invitation to consumers to join the movement.

Brand strategy.

2

Consumer mindset.

The world is shifting to a more natural way of living. Our customers work during the week, while at the weekends they are likely to spend their time outdoors, hiking or skiing. If we want to support this shift in mindset, to enable our customers to truly move to natural, our products need to serve them seven days a week.

3

Naturally better performance apparel.

We provide naturally better products to help our customers feel and perform naturally better, whatever their activity, any day of the week. This way, we offer consumers more options and reasons to enjoy their icebreaker, while creating more opportunities for innovation.

Four hero categories.

1

Tees

Even more of our tees are now plastic free. Made with a variety of fabrics, from merino wool to Tencel™ and linen, we have the perfect tee for your next adventure.

2

Baselayer

Our base layers represent the core of our brand. Today, all of our base layers are plastic-free, and most are made with 100% merino wool. Versatile, comfortable and naturally odour resistant.

Midlayer

With our RealFleece® technology, mid layers are our most important opportunity for growth. Made with natural fibres, your mid layer is versatile, comfortable and provides the right warmth-to-weight ratio depending on your adventure.

Underwear

Our underwear category complements the natural layering system perfectly. Ideal for active or casual use, our underwear is super soft and ultra comfortable.

Our natural technologies.

We believe the key to the future of our planet is to not only maintain nature, but to renew and rebuild it. We're working with our growers to conserve and rehabilitate our ecosystems.

100% Merino

Naturally resilient.

Thermoregulating, soft, naturally odour resistant, and moisture-managing.

ZoneKnit™

Naturally breathable.

Body mapping for warmth and ventilation where you need it most.

Cool-Lite™

Naturally cool.

Breathable and lightweight fabric blend designed to manage moisture away.

RealFleece®

Naturally warm.

An authentic brushed natural fibre that is warm and soft to the touch.

MerinoLoft™

Naturally insulated.

A natural, cruelty-free merino wool insulation that has a high warmth-to-weight ratio.

Shell+™

Naturally protected.

100% natural outer layer that is water and wind repellent to keep you protected.

The layering system.

Skin

Silky-soft and luxurious, our breathable skin layers wick moisture away from the body and regulate temperature.

First

Natural softness against your skin, for breathable comfort and climate control. Versatility, style, function and performance without compromise.

Mid

Wrapping the body in comfort, our insulating mid layers add a buffer zone for moisture and a shield from the cold.

Outer

Warm and lightweight, our outer layers protect from the elements, while still allowing the body to move and breathe freely.

The icebreaker
warmth system.

The bigger
the number,
the warmer
you'll be.

We've adapted the warmth system to include more of our products but the same principle still applies: The bigger the number, the warmer you'll be. The lower the number, the cooler you'll be.

Colour philosophy.

We're inspired by nature. The colours of nature work together, changing across landscapes. We aim to avoid artificial looking colours and 'perfect' primary colors, embracing the imperfections and unique qualities that we find in nature. We love contrasts, and we embrace differences. Bright colours blend in with bright environments, so we explore the interaction of colours to

deliver considered expressions. Sometimes calm, harmonious colours can be the most impactful in the right landscape. We're interested in how colour is worn, to blend in with nature or to stand out in nature. Whether on trail or in town, every shade and combination can be versatile, unique and individual. We're inspired by the colourful expressions in nature.

Reference.

SIZING / Measurements refer to body size, not garment dimensions.

In instances when your body measurements are midway between two sizes, go to the smaller size for a tighter fit or the larger size for a looser fit.

UPPER BODY MEASUREMENTS

WOMAN (INCHES)	WXS	WS	WM	WL	WXL
BUST	32¼	34½	37	39½	42
HEIGHT	5' 5¾	5' 6	5' 6½	5' 7	5' 7½

WOMAN (CM)	WXS	WS	WM	WL	WXL
BUST	82.0	88.0	94.0	100.0	107.0
HEIGHT	167.0	168.0	169.0	170.0	171.0

HOW TO MEASURE:

BUST	Place tape measure across your back, underneath your arms and then across the widest point on the bust. Don't 'squash' yourself.
HEIGHT	This is your true height, without the assistance of shoes.

In instances when your body measurements for bust and height are in two different suggested sizes, we recommend going with the size from your bust measurement.

LOWER BODY MEASUREMENTS

WOMAN (INCHES)	WXS	WS	WM	WL	WXL

WOMAN (INCHES)	WXS	WS	WM	WL	WXL			
WOVEN BOTTOMS SIZES	26	27	28	29	30	31	32	33

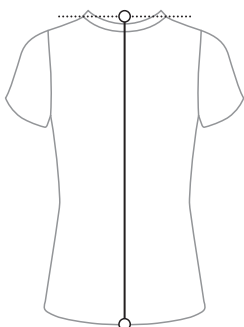

HOW TO MEASURE:

WAIST	Measure the smallest part of the torso.
HIP	Place the measuring tape around the body at the fullest part of the hip, feet together.

In instances when your body measurements for waist and hip are in different suggested sizes, we recommend going with the size from your hip measurement.

BACK LENGTH

BL is measured from the high point of the shoulder
